GMERS Medical College and Hospital, Gotri, Vadodara

Medical College and Hospital, Gotri, Vadodara

The extreme shortage of medical facilities in the region, gave an initiative to the GMERS Society to establish the GMERS Medical College at Gotri, Vadodara in 2011. The institute strives to be among the top medical colleges in India in the spheres of medical education, research and health care services. The GMERS Medical College, Gotri, Vadodara stands testimony to the high professional standards aimed for and achieved by the GMERS Society. The sprawling 27 acre campus has excellent infrastructure, state-of-the-art labs, equipment's, as well as other facilities that collectively provide a professional environment. The high standards maintained by the College have attracted students from all over the world. Several collaborations for teaching and research have vastly enhanced the reputation of the College. Behind the reputation of the college, are the solid credentials of an accomplished faculty that imparts quality education through a well-planned curriculum. The College, now a constituent college of The MS University of Baroda, is geared to reach a new level of performance and to set global standards.

Vision:

GMERS is the network of finest public healthcare institutions in the state of Gujarat, providing quality medical care services with the state of art technology with easy accessibility, affordability and equity to the people of Gujarat and beyond. Main vision of the college is offering high quality medical education and to be able to deliver distinct medical care with good skills in diagnosis and management of common medical disorders.

Mission:

As an academic medical centre, GMERS Medical College, Gotri, Vadodara has a mission of providing excellence in medical education, research and patient care. GMERS Medical College, Gotri, Vadodara has an objective to:

- ✓ Educate medical students and other health care professionals from demographically diverse backgrounds in order to meet the primary and specialty health care needs of the region and nation;
- ✓ Provide a broad range of medical and allied services to the people of Vadodara and nearby regions, including illness-prevention programs, comprehensive care, and the highly complex care associated with academic medical centres.
- ✓ Provide super specialty treatments on one campus and under one umbrella.
- ✓ To include alternative medical systems such as Ayurveda, Yoga, Sports Medicine along with Allopathic.

The mission will be accomplished through commitment to the standards of Quality, Excellence, Service, Collaboration, Compassion, Integrity, and Fiscal Responsibility.

From the Desk of Chief Executive Officer

Dear Students,

It gives me immense pleasure to extend a warm welcome to each one of you on behalf of GMERS (Gujarat Medical Education and Research Society). You have embarked upon a noble journey by choosing the medical profession, and I congratulate you for securing admission into one of our esteemed GMERS Medical Colleges. This achievement is not only a testimony to your hard work and dedication but also the beginning of a life-long responsibility to serve humanity.

Our medical colleges across Gujarat are equipped with dedicated faculty, state-of-the-art infrastructure, well-structured academic programs, and robust clinical exposure. You will have the opportunity to learn in an environment that balances traditional teaching with innovative methods such as simulation-based training, competency-based medical education, and hands-on community experiences. While academic excellence is important, holistic development is equally vital. Participate in research, co-curricular activities, cultural events, and community outreach programs. These experiences will help you grow into well-rounded individuals and instill in you the values of teamwork, leadership, and social responsibility.

On behalf of GMERS, I assure you that we will walk with you throughout this journey, providing you with the right platform, resources, and support. We take pride in being a family that fosters excellence, values ethics, and promotes innovation.

I once again welcome you to the GMERS family. May these years of learning shape your dreams, strengthen your character, and prepare you to contribute meaningfully to society as dedicated and compassionate medical professionals.

Wishing you success, fulfillment, and a bright future ahead.

Dr Manish Ramavat

Chief Executive Officer, GMERS Gandhinagar

From the Desk of Deputy Chief Executive Officer

Dear Students,

It is my privilege to warmly welcome the new batch of MBBS students to GMERS Medical College, Gotri, Vadodara. Entering the medical profession is a proud and defining moment in your life. The journey you begin today will be filled with challenges, learning, and immense opportunities to serve humanity.

At GMERS, we are dedicated to nurturing not only your academic and clinical skills but also values of empathy, ethics, and responsibility. These formative years will shape you into competent doctors and compassionate individuals who can bring meaningful change to society.

I encourage you to stay committed, curious, and resilient as you take your first steps in this noble profession. On behalf of GMERS Society, I extend my best wishes for your bright and successful future.

Dr. Pankaj Maheria

Deputy CEO, GMERS Gandhinagar

Hippocratic Oath

I swear by Apollo Physician, by Asclepius, by Health, by Heal-all, and by all the Gods and Goddesses, making them witnesses, that I will carry out, according to my ability and judgment, this oath and this indenture : To regard my teacher in this art as equal to my parents; to make him partner in my livelihood, and when he is in need of money to share mine with him, to consider his offspring equal to my brothers; to teach them this art; if they require to learn it, without fee or indenture; and to impart precept, oral instruction, and all the other learning, to my sons, to the sons of my teacher, and to pupils who have signed the indenture and sworn obedience to the physicians' Law, but to none other.

I will use treatment to help the sick according to my ability and judgment, but I will never use it to injure or wrong them. I will not give poison to anyone though asked to do so, nor will I suggest such a plan. Similarly I will not give a pessary to a woman to cause abortion. But in purity and in holiness, I will guard my life and my art.

I will not use the knife on sufferers from stone, but I will give place to such as are craftsmen therein. Into whatsoever houses I enter, I will do so to help the sick, keeping myself free from all intentional wrongdoing and harm, especially from fornication with woman or man, bond or free. Whatsoever in the course of practice I see or hear (or even outside my practice in social intercourse) that ought never to be published abroad, I will not divulge, but will consider such things to be holy secrets.

Now if I keep this oath and break it not, may I enjoy honor, in my life and art, among all men for all time; but if I transgress and forswear myself, may the opposite befall me.

From the Desk of Dean

Let me congratulate and welcome you all to the GMERS Medical College, Gotri, Vadodara!

Vadodara, formerly known as Baroda, is a cultural capital of Gujarat. Here we are affiliated with the world-famous The Maharaja Sayajirao University of Baroda which was envisioned by legendary ruler Maharaja Sayajirao Gaekwad III.

GMERS Medical College, Gotri, Vadodara has all the necessary infrastructure including 850 bedded Multispecialty Hospital and a vast College campus. Started from the year 2011 with 150 students, now have 200 MBBS seats per year. We have post graduate MD/MS courses in many departments and DNB courses running in some departments.

National Medical Commission has rolled out Competency Based Medical Education (CBME) for MBBS course in line with the prevailing global standard in medical education. The main components of CBME are foundation course, Attitudes ethics & communication practices (AETCOM) and early clinical exposure. The ultimate aim of the MBBS curriculum is to groom a school student into globally relevant but locally available doctor who is clinician, leader, communicator, lifelong learner, professional, critical thinker and researcher. I assure that we have one of the best faculties whose constant endeavor will make your learning journey smooth and memorable.

You all are from different cultural, economic and geographics backgrounds. Here you will be together for few years to learn and experience many values for your life. Together we are as a GMERS Gotri family. Let us make our GMERS Medical College, Gotri, Vadodara as our second home and work towards health care and wellbeing of all our citizens.

**Dr. Vishala Pandya MS (ENT), GSMC FAIMER Fellow,
Dean,
GMERS Medical College and Hospital,
Gotri, Vadodara**

From the Desk of Medical Superintendent

Welcome to GMERS Medical College and Hospital, Gotri! As you embark on this journey, I want to assure you that our institution is committed to providing a supportive and nurturing environment for your growth and development.

Our faculty and staff are dedicated to helping you achieve your goals and become the best version of yourself. We're proud of our institution's legacy and our role in shaping the next generation of medical professionals.

Our hospital is well-equipped with state-of-the-art facilities, and our faculty is dedicated to delivering high-quality education. Post graduation facilities super specialty work is what we have achieved. We've successfully navigated the challenges of the COVID-19 pandemic, and our experience has prepared us to handle complex clinical scenarios be it sporadic, endemic or pandemic.

During your time here, you'll have the opportunity to learn from our experienced faculty and participate in clinical postings that will hone your skills. We'll be with you every step of the way, providing guidance and support to ensure your success.

Our goal is to mould you into compassionate, skilled, and knowledgeable Indian Medical Graduates. I'm confident that together, we'll achieve great things.

I wish you all the best for your academic journey and look forward to seeing you grow and thrive.

Welcome to the GMERS family!

GMERS Gotri becomes Gujarat's first to introduce sialoendoscopy

Prashant Rupera
@timesgroup.com

Vadodara: Patients suffering from sialadenitis – an infection of the salivary glands no longer have to knock the doors of hospitals in Mumbai and Delhi for undergoing the surgery.

GMERS, Gotri, has become the first hospital in Gujarat where sialoendoscopy – an innovative technique that uses extremely narrow endoscopes to diagnose and treat many conditions of the salivary glands – has been started.

The innovative technique that uses extremely narrow endoscopes to diagnose and treat many conditions of the salivary glands

One in a lakh suffer from this disease

According to doctors, one out of a lakh people in the country suffer from sialadenitis. The blocked salivary duct may not be life threatening but it can cause lot of pain and discomfort to patients while they are having a meal.

“Increase in consumption of junk food, faulty or

Instructions for the students and parents

Fee and Deposits:

Fee for Government quota student is Rs. 3,75,000/- for academic year and for NRI category students a total \$ 25000/- or equivalent foreign currency for academic year. Fee is to be deposited in stipulated time (within six months of each term), failing to do so 10% late fee will be levied. Students not paying fees in the stipulated time frame will not be allowed to appear for the university examination.

Fee is to be paid by demand draft / online transfer on the name of “Gujarat Medical Education & Research Society Gandhinagar” payable at Gandhinagar. Pay-in-slip given by the Axis Bank should be used to pay the fees and it is mandatory to submit counterfoil at Student section, GMERS Medical College, Gotri, Vadodara.

College caution money, Library fee per term, Hostel - Fee and deposit for one term and student’ association fee per term will be collected at the time of reporting. Monthly Mess charges should be submitted to mess contractor directly.

Enrolment/Eligibility fee is to be paid to M.S. University of Baroda along with the enrolment/eligibility form. Examination fees, admission fees and other fees will be charged separately by The M.S. University of Baroda as per rules from time to time. You have to pay for Practical Journals. Please fill all the forms given with the information booklet. It is also available from college website and submit it with prescribed fees. Please fill it in capital letters and give correct information and at least two mobile numbers.

Students who are admitted under Government Quota will have to serve the Government of Gujarat for a period of one year after finishing their MBBS Course. Those who do not serve will have to pay rupees two lakhs if they have not availed any government scholarship benefits as the Bond fee.

All students will have to submit the **bond undertaking, anti-ragging undertaking in form of Annexure 1 and 2 online and hard copy and checklist with required documents** within 15 days of admission at student section.

Photographs: Please bring 20 coloured passport size photographs at the time of reporting; 1 for library membership, 3 for hostel forms, 1 for bank account, 1 for student association, 1 for student record section, 1 for identity card and rest will be extra photographs for other formalities.

Hostel:

There are separate hostels for boys and girls. Outstation students admitted to GMERS Medical College Gotri, who requires hostel accommodation shall fill in the necessary forms for hostel admission. Mess facility is compulsory for all students staying in Hostel. Any personal electronic or electric equipment or furniture or internet connection will not be allowed in the hostel at any cost. All hostels are well equipped with R.O. System, Water Cooler, Gym for Boys and Girls, TV, library. Facilities for Indoor Games like Table tennis, Carom board etc. and outdoor games as cricket, volleyball etc. are available. We have 24 hour security at the hostels. **Ragging is strictly prohibited in the campus and zero tolerance would be shown towards any such case.** Refer the Hostel Rules for further information.

Instructions to parents

For any query regarding hostel matters, contact the respective Warden of Boys' & Girls' Hostels or Hostel Superintendent. Please do not encourage the students to come home too frequently. As we are very particular and strict regarding the attendance and the internal marking of the students, parents are kindly requested to monitor their progress from time to time. No last-minute pleas or corrections will be allowed at any cost in the attendance and the internal markings.

- Timings: 09:00 am – 01:00 pm, 03:00 pm – 05:00 pm
- Contact: [Insert phone/email if available]
- Emergency (24×7): Tele-MANAS Helpline 14416

Our Main Motto- To prevent death by Suicide

Your Privacy Matters-All consultations are confidential. Seeking help will not affect your academic records or career.

★ Remember

You are not alone—support is always available.
Seeking help is a sign of strength, not weakness.

ICMR Short-Term Studentship (STS) Program

- **What is it?** A prestigious program by the **Indian Council of Medical Research (ICMR)** to introduce undergraduate medical students to the world of **biomedical research**
- **Who is it for?** First-year MBBS students at [College Name].
- **What will you gain?**
 - **Hands-on experience** in research methodology, scientific writing, and research ethics.
 - The opportunity to **work on your own project** from proposal development to data collection and report writing.
 - **Mentorship** from our distinguished faculty members.
- **Why participate?**
 - Cultivate a **research-oriented mindset** early in your career.
 - Contribute to **medical advancements**.
 - Enhance your academic and professional profile.
- **Recognition:** Successful completion of the program is recognized with a **certificate** and a **stipend**.

Government of Gujarat's Student Startup & Innovation Policy (SSIP)

A Vision for Innovators: The SSIP is a flagship policy by the Government of Gujarat designed to foster a robust, state-wide innovation and startup ecosystem. It encourages students from all academic backgrounds to transform their creative ideas into tangible solutions and successful ventures.

- **For ALL Students:** It actively welcomes and supports **medical students** to innovate in the healthcare sector.
- **Key Support & Benefits:**
 - **Financial Assistance:** Students can receive **funding of up to ₹2.5 lakh** to develop a Proof of Concept (PoC) or a working prototype. This support is crucial for turning an idea into a reality.
 - **Mentorship:** Get access to a network of expert mentors who will guide you through the process, from refining your idea to navigating the business landscape.
 - **Intellectual Property (IP) Support:** The policy provides assistance for filing patent applications and other IP-related activities, helping you protect your innovations.
 - **Access to Resources:** Students can utilize university-level innovation centers, incubation hubs like **i-Hub**, and co-working spaces to build their startups.
- **Why it Matters for Medical Students:** Your unique insights into the healthcare system make you perfectly positioned to develop innovative solutions. Whether it's a new medical device, a health-tech app, or a diagnostic tool, SSIP provides the resources to bring your vision to life and address real-world health challenges.

Mentorship Program

Structure of the Mentorship Program:

Mentorship program is designed to facilitate academic performance of undergraduate students.

Scope of the Mentorship Program:

- The Mentor team will provide guidance to the Mentees, to improve academic performance and to prepare them for their career goals.
- Mentors will review and follow the Mentee's attendance and academic performance, as these are the main criteria for eligibility of students to appear in the University examination.
- Each Mentoring group consists of 4 to 8 faculties, one each from Phase 1 & Phase 2 of MBBS and 2 or more, from Phase 3 MBBS.
- Twelve students from each phase of MBBS (Batch 2024-25 onwards), are assigned to each mentoring group. The students are first assigned when they begin their First year of MBBS course.
- The Mentoring group remains fixed for the duration of 5.5 years, the duration of the MBBS course.

Responsibilities of the Mentee

The mentee should take charge and initiate communications. He or she should attend the mentorship meeting and be on time for mentorship meetings. Personal issues and problems may be discussed by a mentee. But excess dependency on the mentor for personal and professional support may become a drain on the mentor's energy. Problems related to food, hostel facilities etc should be handled by the designated administrative staff.

महर्षि चरक शपथ

हे द्विज!! पूर्वाभिमुख होकर पवित्र अग्नि एवं विद्वानों की साक्षी में प्रतिज्ञा करो कि-

मैं अपने अध्ययनकाल में संयमी, सात्विक तथा अनुशासित जीवन व्यतीत करूंगा/करूंगी। गुरु के अधीन होकर पूर्ण समर्पित भाव से गुरु के कल्याण तथा प्रसन्नता हेतु पुत्रवत्/पुत्रीवत् आचरण करूंगा/करूंगी। मेरा व्यवहार सतर्कतापूर्ण, सेवापरायण तथा उद्दण्डता और ईर्ष्या से रहित होगा। मैं अपने आचरण में संतोषी, आज्ञापालक, विनम्र, निरन्तर मननशील एवं शांतिसंयुक्त रहूंगा/रहूंगी। गुरु के अभीष्ट लक्ष्य के प्रति सम्पूर्ण सामर्थ्य से प्रयत्नशील रहूंगा/रहूंगी। चिकित्सक के रूप में अपनी सफलता, यश एवं अर्थप्राप्ति के लिए मैं सदैव अपनी विद्या का उपयोग प्राणिमात्र के कल्याण हेतु करता रहूंगा/रहूंगी।

अत्यधिक व्यस्तता एवं विश्रांति की अवस्था में भी मैं दिन-रात रोगी की सेवा हेतु आत्मवत् तत्पर रहूंगा/रहूंगी। निज स्वार्थ एवं अर्थलाभ के लिए किसी रोगी का अहित नहीं करूंगा/करूंगी तथा पर स्त्री एवं पराए धन की कामना नहीं करूंगा/करूंगी। अनैतिकता मेरे विचारों में भी नहीं आएगी ।

मैं सदैव मधुर, पवित्र, उचित, आनन्दवर्धक, सत्य, हितकारी तथा विनम्र वाणी प्रयुक्त करूंगा/करूंगी, तथा अपने पूर्व अनुभवों का उपयोग करते हुए ज्ञान के विकास एवं नवीनतम उपलब्धि के लिए निरन्तर प्रयत्नशील रहूंगा/रहूंगी।

किसी स्त्री की चिकित्सा उसके पति अथवा आत्मीय की उपस्थिति में ही करूंगा। रोगी के परीक्षण के समय मेरा विवेक, ध्यान एवं इन्द्रियां रोगनिदान हेतु ही केन्द्रित होंगी। मैं रोगी अथवा उसके घर से सम्बंधित गोपनीय बातों का प्रचार नहीं करूंगा/करूंगी। मैं मरणासन्न रोगी की विवेचना नहीं करूंगा/करूंगी, क्योंकि वह रोगी अथवा उसके आत्मीयजनों को आघातकारक हो सकती है। मैं अधिकृत विद्वान होते हुए भी अपने ज्ञान की अभिव्यक्ति अहंकार रूप में नहीं करूंगा/करूंगी, क्योंकि इससे रोगी के स्वजन तक अपमानित अनुभव कर सकते हैं ।

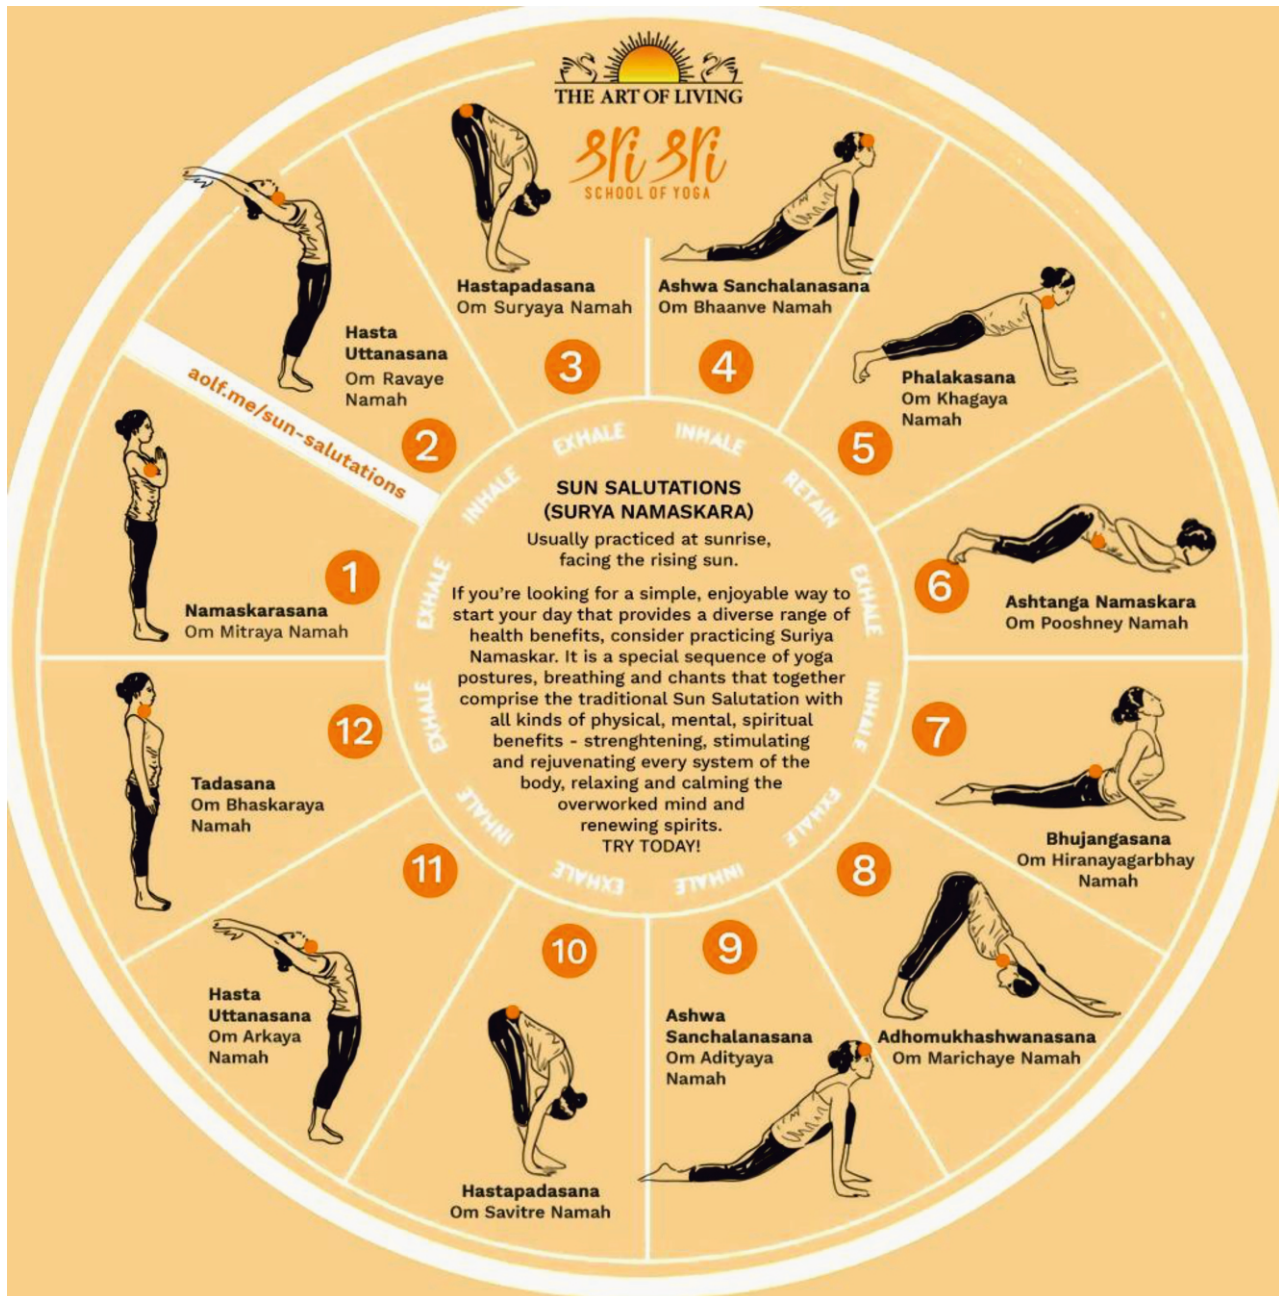

न त्वहं कामये राज्यं न स्वर्गं नापुनर्भवम् ।

कामये दुःखतप्तानां प्राणिनामार्तिनाशनम् ॥

मुझे न राज्य की, न स्वर्ग की, न मोक्ष की आकांक्षा है । मेरी आकांक्षा दुःख से तप्त प्राणी मात्र का दुःख दूर करने की है ।

Surya Namaskar
